#7 2nd Fl., Cacho-Gonzales Bldg., 151 Aguirre St., Legaspi Village, Makati City | +63 2 8822132

There a short description of the concept being (CB):
CONSTRUCTED BEHAVIOURS
www.constructedbehaviours.com

Constructing two behaviours with different cultures, ethics and origin, but when combined, fusing the same energy level that will produce simultaneous creative sessions with free-flowing ideas and intuitive processes. Inspired with the things that fascinate us, feeding each other's minds with numerous ideas, resulting to interestingly unexpected output.

Constructed Behaviours is a joint project of two designers/illustrators, Drew Europeo (Philippines) and Halil Yildirim (UK). Both have multi-disciplinary background, working for a wide variety of clients around the globe and who are seeking for more collaborations from individuals and groups who are in the same level of creativity and passion in design.
